

Letters Sent Home

Focus On Your Tour

German alt-rock quartet Letters Sent Home are thrilled to announce their first headline tour in Germany, set to kick off in May 2026.

This announcement comes on the heels of the band's recently released *Forever Undone (Extended)*, which recently dropped via SharpTone Records. Fans can listen to the album in full.

Officially released on October 10th, the extended edition expands the original tracklist to 18 songs, showcasing Letters Sent Home's ever-evolving versatility. The album also features guest appearances from Dead Lakes, ROYALIST, Pentastone, Chris Zuehlke, CMAXLINK, LUNA KILLS, and more.

Fresh from supporting modern metal band From Fall To Spring on their European headline tour, Letters Sent Home are ready to take center stage themselves and bring their high-energy alt-rock sound to fans across Germany throughout 2026.

Since forming in 2015 in northern Germany, Letters Sent Home - comprised of Emily Paschke (vocals), Lara Ripke (bass), Robin Werner (guitar), and Louis Schramm (drums) - have made waves across the alt-rock and emo landscape with their fusion of vulnerability, melody, and raw force.
