+ Support

M/X is a young, three-piece powerhouse known for their raw energy and chaotic live shows. Hailing from Bristol, England, the band's visceral sound draws comparisons to the likes of IDLES, Soft Play and Kid Kapichi, with trashy rhythms, angsty guitars and socially charged lyrics that hit like a punch in the gut. Their explosive performances have landed them spots at festivals like 2000 Trees and Dot To Dot, as well as stages at iconic Bristol venues like Thekla and The Louisiana.
