

SKYND

Dead Serious Tour 2026

The abyss is calling. After sold-out descents into true crime across Europe and a rising global obsession with their unflinching aesthetic, SKYND unveil their most ambitious headline tour to date: DEAD SERIOUS TOUR 2026

Merging industrial precision, distorted beauty, and the pulse of dark pop, SKYND have built a world where art meets atrocity. Every track is a documented truth – every show an immersive investigation into the depths of human darkness. This is not entertainment. This is exposure.

Their stage presence is visceral: hypnotic, cinematic, and deeply unsettling. SKYND doesn't perform for you, they draw you into the case. Into the trauma. Into the madness. And you will follow.

We give voice to the unspeakable. The shadows we explore are not imagined – they are real. This tour is our most immersive descent yet. You don't just attend. You bear witness.
