FINE. are the siblings Timm, Julian and Josephine. Founded in January 2019, FINE. is a band from Sprockhövel (Germany), defined by soft, almost whispered vocals and fit by minimalist song arrangements. Quietly, somewhere between James Blake and the love to Kevin Parkers reverb, FINE. tells stories of both aching self-doubt and never-ending optimism with a hint of atmospheric Coldplay vibes. They record, mix and do all the visuals.
