LUCIFER

The Third Commandement Tour

Lucifer is defined by their very heavy 1970s Hard Rock sound spiced with a good dose of Proto Heavy Metal and Doom Rock. Main influences are groups such as Black Sabbath, Deep Purple, Blue Öyster Cult, Lucifer's Friend, Steppenwolf, 70's Heart and Fleetwood Mac.

With over 150 shows under their belt Lucifer has toured the US, Canada, Japan and Europe multiple times and played renowned international festivals like The KISS Kruise, Psycho Las Vegas, Hellfest, MetalDays, Sweden Rock, Desertfest, the long standing German cult TV program Rockapalast twice, to name only but a few. Founded in 2014 in Berlin by The Oath front woman Johanna Sadonis, the group first consisted of Cathedral, Angel Witch and Ladytron members. The first 7" Single 'Anubis' and debut album 'Lucifer I', penned by Sadonis and Cathedral's Garry Jennings and released by British label Rise Above Records, brought Lucifer international recognition
